Fire Destroys Landmarks On Main Street

Glennan Home, Doxsee Studio, Metal Works Burn

In a spectacular fire fed by oil and paint and other highly inflammable materials, two landmarks on Main street just off the heart of the Main-Broadway business district were destroyed, a third was gutted and several others were threatened and for a time appeared doomed in one of the worst blazes in the city's history Wednesday night.

Loss suffered in the fire, which was discovered about 8 o'clock, was estimated today in amounts ranging from $5000 to $25,000.

Buildings visited by the fire were the combined sign shop and painting studio operated by C. H. Doxsee (Mr. Doxsee) for 16 years at 703 Main street, which was burned to the ground; the 40-year-old residence of Mrs. Mamie Glennan, 705 Main street, which was but a shell after the fire; a two-car garage and a two-story barn in the rear of the Glennan premises, both burned to the ground; the Main Street Sheet Metal Works, 711 Main street, roof burned through; a tank house and roof of a building in the rear of the sheet metal shop, formerly the old Peninsula Laundry, gutted.

Spark fires started on the roof of the Redwood Paint Company Inc., 715 Main street, and the Louvre French Laundry, 721 Main, but these were quickly extinguished and no damage resulted.

The fire was discovered by Max Thornton and Homer Spellenberg, local grammar school teachers, who board at the Glennan home. Thornton was shaving and the sudden flickering of the electric lights gave the first warning of the fire.

He raised the curtain to look out and saw the Doxsee paint shop next door in flames. Warning Spellenberg, he and the latter dashed from the Glennan home, which also was afire, and Spellenberg telephoned the alarm. At the same time a call came in from Box 13.

Both men then dashed into the rear of the Glennan premises and drove out their cars. They then proceeded to carry out whatever articles could be saved from the Glennan home. This consisted of a writing desk, some bedclothing and a few other articles. The house went up like a tinderbox, witnesses said. Mrs. Glennan was at a lodge meeting in Palo Alto.

The Redwood City Fire Department under Chief Mark Ryan responded and 41 firemen were pressed into service as the flames licked away at the two doomed buildings and the neighboring structures.

When the blaze, one of the most difficult experienced by the firemen, was over, four men, including Chief Ryan, were found to have suffered slight injuries.

Chief Ryan turned an ankle in striking a slippery spot on the wet sidewalk; Eugene Plecq suffered a badly cut lower lip; George Drivon had a lacerated right index finger, and Second Assistant Chief Al Russell had a slightly burned right hand.

All available apparatus in the city was pressed into service, and five lines of 2½-inch hose were laid, making about 3000 feet of hose. One city truck was out of commission having its tires changed from solids to pneumatics, and the Menlo Park Fire Department, under Fire Chief Thomas Cuff, stood by at the scene in the event of need.

Fire Chief Edward Wheeler of San Carlos was also on hand to render whatever assistance was needed.

Origin of the fire, which was credited with starting in the Doxsee paint shop, was a mystery to Doxsee and to Chief Ryan. Doxsee declared that all inflammable materials were carefully protected against the chance of fire.

The Doxsee shop, housed in a building owned by Antonio Genochio, suffered the greatest loss. Doxsee reported that he had valuables in the building which would cost $20,000 to replace. These included 30 drop theatrical curtains; expensive metal and glass signs which cannot be replaced; huge piles of flags, bunting and other decorative materials; landscape paintings that decorated the Panama Pacific exposition in San Francisco in 1915, and completed

City Manager Enters Race

Ernest A. Rolison, 45, city manager of Redwood City since July 1, 1929, Monday became the 13th candidate for the post of chief executive of San Mateo county.

Prior to coming here, Rolison was city manager for Redding and Santa Barbara, which has an estimated population of 35,000. He has had 13 years actual experience as chief executive of Redwood City, Redding and Santa Barbara, and some 20 years of experience in the engineering field.

Rolison, while at Santa Barbara, was secretary of the Santa Barbara Harbor Commission and did considerable engineering work in connection with the breakwater at that city.

Peninsula and other cities which have hired Mr. Rolison for special engineering work include Santa Cruz, Stockton, San Mateo, Burlingame, San Leandro, Hayward, Oroville, Fairfield, etc.

Some 20 to 30 letters of recommendation were filed by Mr. Rolison. These came from Prof. Samuel S. May of the University of California; Clyde L. McNutt Takes Coryell Case Under Study

Superior Judge Maxwell McNutt today has under advisement the J. B. Coryell-Peninsula Paving Company dispute for improvements made in the Lloyden Park tract, Atherton.

The jurist was presented with the facts in two days of testimony before him.

Coryell and his wife, Mrs. Mabel Coryell, are seeking to escape payment of $107,000 owing to the Paving Company for the improvements on the ground that the work was faulty. Former Superior Judge George H. Buck had granted the paving company that sum.

The paving company's reply is that the work was satisfactorily performed, but the streets have not been used and therefore may have somewhat suffered.

The American Trust Company as stakeholder is asking the court what to do with the property, which Judge Buck ordered sold at auction.

14 Historical County Points To Be Marked

Fourteen historic sites and landmarks in San Mateo county have been registered and numbered by the director of the California Department of Natural Resources, according to information received here today by Roscoe D. Wyatt, manager of the county chamber of commerce.

Wyatt has worked with a county-wide committee to collect historic facts in support of the landmarks and has submitted the information through the state chamber of commerce to the California Park Commission and department of natural resources.

Of the 120 historic sites approved by the state to date, the 14 submitted by San Mateo county have been equaled in number only by San Francisco county and exceeded only by San Diego county.

Numbers of the landmarks, in the order of their acceptance by the state, follow:

No. 2. Portola expedition camp—Near the Palo Alto tree but on the north side of the San Francisquito creek and between the state highway and the Southern Pacific railroad where expedition camped from November 6 to November 10, 1769.

No. 19. Broderick-Terry duelling place—Near the southern end of Lake Merced and reached through the Olympic Golf Club grounds. Duel fought on September 13, 1859, resulted in death of Broderick.

No. 21. Portola expedition camp —On Pilarcitos creek at Half Moon Bay. The expedition stopped there October 28 and 29, 1769.

No. 22. Portola expedition camp — Where Ocean Shore highway crosses Purissima creek south of Half Moon Bay. Camped there October 27, 1769. Las Pulgas incident took place there.

No. 48. Anza expedition camp—On March 26, 1776, the Anza party on its way up the peninsula to locate sites for the Presidio and mission camped near the present El Camino Real where it crosses the "dry water course" which passes beside the Burlingame City Hall.

No. 92. Portola expedition camp —On November 11, 1769, Portola camped near Woodside in the lower Canada de Raymundo. This was their first camp on the return trip to San Diego.

No. 93. Woodside store—Present building dates from 1854 when more than 1,000 lumberjacks got their mail, food, supplies and liquid refreshment at the store conducted by Tripp and Parkhurst. It was surrounded by 15 lumber mills within a radius of five miles.

No. 94. Portola expedition camp —On November 5, 1769, Portola camped at a "laguna grande" two miles south of the Skyline bridge and dam over San Mateo creek. The site is today covered by the Upper Crystal Springs Lake beside the Canada road.

Site markers may be erected by interested local organizations, Wyatt announces, and this will hasten the erection of diversion markers by the California State Automobile Association to direct the travelling public to the old landmarks. New England has had such markers for many years and returning motorists tell of the many interesting sign posts in Virginia and West Virginia.

At its regular meeting Monday afternoon at the Palo Alto home of Mrs. E. B. Hindes, the Women's Guild of Trinity Episcopal Church, Menlo Park, made plans for a luncheon at the parish house May 4. A speaker is to be announced later. The guild will meet next Monday at the parish house of the church, with Mrs. Ernest Martens as hostess.

Menlo Park

Inoculation and vaccination against diphtheria and smallpox will be given to Menlo Park children of pre-school and school age at the Central Grammar School on the highway the remainder of the spring. There will be no cost.

An appropriation of $100 for this work was made by the city council at its meeting Tuesday night on the motion of Councilman E. H. Hart, who is health commissioner. The work will be performed by Dr. R J. Gerlough.

Joe Hara was ordered to appear before the council next Tuesday evening to show cause why the alleged nuisance on his property on Menlo avenue should not be abated.

Mayor W. H. Weeden expressed the opinion that the tax moratorium would not embarrass the City of Menlo Park, except possibly through the months of July and August. The sum of $900 has been transferred from the street improvement fund to the general fund to take care of any emergency that may arise. Claims totaling $808.14 on the general fund and $133.68 on the street improvement fund were approved for payment last night.

Massed colors from the local post and the Redwood City post and auxiliary will be on display and will be used in the ceremony in which the Redwood City Drum Corps will participate.

After luncheon Mrs. Blackburn will be taken to the U. S. Veteran's Hospital. This is the only hospital in the west that Mrs. Blackburn will visit, and Menlo Park Unit is proud and happy of the great privilege that the department heads have bestowed on them in excepting their hospitality.

In the evening the Northern California Auxiliary Units will hold a public reception in honor of Mrs. Blackburn at War Memorial Building in San Francisco. Isabelle Lindquist will act as an usher on this occasion, and, as it is to be a public reception, many Menlo Park citizens will avail themselves of the opportunity of hearing Mrs. Devol's message, and to enjoy the drills and music which will be seen and heard.

On Saturday night a dinner dance will be given in her honor at the Hotel St. Francis.

Value Of Newspaper As Payroll, Influence in City Told By Publisher

"Sixty-seven per cent of the cost of publishing a newspaper goes into salaries and wages, making up one of the most consistent and in many cities the largest payroll," Dan L. Beebe, president of the California Newspaper Publishers' Association and publisher of the Oroville Mercury-Register, declared in a talk here Wednesday before the Kiwanis Club.

Beebe described the change in the newspaper business from the days of the "alpaca dress Aunt Polly used to wear" to the present where it is a leading modern industry in every community. He stated it is the only industry which produces its own product each day and distributes directly to the consumer.

Speaking on revenue received by small city newspapers Beebe stated that 62% comes from local advertising, 21% from circulation and the remainder from national and outside advertising.

These figures prove that the merchant using the advertising columns of his newspaper is not paying the entire bill of publishing the medium but is getting the benefit of other sources of revenue. The cost of shopping news advertising falls entirely upon the advertiser as there are no other sources of revenue, he said.

"The local newspaper stands for all the good institutions in a community and it is its duty to foster such interests. It is the only medium which can keep up the morale of the community in times of distress or uncertainty. It is local and more interesting than the greater metropolitan papers because it can write news of people and their neighbors in the community."

Beebe stated that business men should co-operate with the local newspaper, insisting on local advertising campaigns from national products which are carried on the merchants' shelves. National advertising placed in the local newspaper helps to maintain the local payroll and sends the advertising directly to the customer who is interested in the community, thus benefiting the local merchant two-fold, Beebe said.

Beebe stated that the word "co-operation," although a very old word, fits the modern picture. "Co-operate with your local newspaper and the newspaper will co-operate in any venture that will be good for its community," he said.

Special guests who attended the meeting were: John Payne, publisher of the Sacramento Union; Edwin Wilder, manager of the San Francisco office of the California Newspaper Publishers' Association; George F. Morell, president, Peninsula Newspapers Inc.; Ernie Bosgieter, and Arthur Stypes, both of M. C. Mogensen Co., national newspaper representatives; A. B. Cargill, publisher Burlingame Advance-Star; Hiram Cook, publisher San Carlos Enquirer, George McQueen, advertising manager, Tribune; Dana Washburn, manager, Montgomery-Ward Co., and W. D. Ryan, proprietor Ryan Furniture Co.

Sam H. Winklebleck, publisher of the Tribune, was chairman.

A special newspaper song was sung by the club and led by song-leader Charles G. Lambert.

Master Plan Given Study In San Mateo

SAN MATEO, Apr. 27.—Consideration of the new master plan for the city of San Mateo was given last evening at an open meeting of the city planning commission, attended by members of the real estate board and development associations.

Highlights of the master plan, to be studied at a series of meetings before it is presented to the city council for approval, include:

1. Limitation of property for business and apartment house sites, and rezoning for residential use.

2. Increased construction requirements for buildings in commercial zones outside of the fire district.

3. Provision for two new traffic arteries. The first is an extension of Alameda de las Pulgas to connect with Occidental avenue and eventually with the Junipero Serra boulevard via Hillside avenue at Burlingame. The second is a new road along the bay waterfront to Coyote Point.

4. Development of Coyote Point as a bathing beach and park, and formation of two new parks in the Beresford Park section.

5. Revert territory east of the Bayshore highway, now classed as industrial lands, to unclassified to be rezoned by the city council. This is to give the council control of the types of industries in the area.

14th Man in Co. Manager Application

O. H. Tucker, 30, engineer and manager of operations for the Stanford Board of Athletic Control, today became the 14th candidate for the post of chief executive of San Mateo county.

Tucker was graduated from Stanford with the class of '24, and secured an engineer's degree at the university in '27. He is a registered civil engineer and an associate member of the American Society of Civil Engineers.

Wilsey Drops Libel Attack On Schwerin

City Manager Earl P. Wilsey of San Mateo today asked dismissal of his $100,000 libel suit on file here against R. P. Schwerin, retired San Mateo shipping man and political foe.

Wilsey cites that Schwerin has publicly apologized for statements made in September, 1932, during a public tax meeting, which the city manager construed as libelous.

Schwerin is asserted to have said that the "city manager goes down to the dumps and gets his share of the fees." What he meant, Schwerin publicly said, was the "dump manager" and not the "city manager."

The recent San Mateo election, which upheld the city government against Schwerin's attempt to elect three councilmen opposed to administration policies, has vindicated Wilsey's "good character and reputation," the petition for dismissal declares.

Further prosecution of the libel action would "only lead to further breach in the harmony among the good citizens of the city," Wilsey declares.

Ernest A. Wilson of Kirkbride, Wilson & Brooks filed the petition for dismissal.

$75,000 Sought For Fatal Auto Mishap at M. P.

Damages of $75,000 for the death in an automobile accident of Mrs. Marguerite MacManus, 45, teacher of instrumental music in the Palo Alto high school, were asked today in a lawsuit filed with County Clerk Elmore B. Hinman by her husband, Capt. E. J. MacManus, retired army officer, 1511 Waverley street, Palo Alto.

Defendants are John Doudell, C. Stump, 60 Page street, San Jose, driver of one vehicle, and others.

Mrs. MacManus suffered critical injuries in a crash at Menlo Park between the car of her husband and a truck driven by Stump on August 20, 1932.

MacManus was attempting to turn off El Camino Real into Valparaiso avenue, Menlo Park, when Stump's truck, proceeding south, became involved in a collision with the passenger vehicle.

Mrs. MacManus incurred a fracture of the skull, concussion of the brain, and other injuries, according to her husband's complaint. For four weeks she remained unconscious at the Palo Alto Hospital, and then was removed to the Letterman General Hospital, San Francisco.

There a craniotomy was performed, and she regained consciousness. Her death occurred four months later on December 12, 1932.

Finkler Will Ruled Valid By High Court

Judge Buck Sustained In Over-Riding Jurors

The Fourth District Court of Appeals at Fresno today sustained the verdict of former Superior Judge George H. Buck that Henry C. Finkler, late supreme court secretary, was of sound mind when he wrote his will disposing of a $50,000 estate.

Judge Buck directed the verdict against Miss Christine Finkler, half-sister of the former court aide, after a jury by unanimus decision broke the will.

The verdict of the jury was brought in on December 17, 1931. Judge Buck set aside the verdict on December 18, and the appeal followed.

Finkler's will left the bulk of his estate, including a ranch place in the western foothills, to B. Grant Taylor and M. J. Purcell, supreme court aides.

He shot himself to death at his place here on November 18, 1930, first summoning two of his close friends.

Finkler's will, written on April 21, 1930, left $10 to his half-sister. He left a note on his will, "Codicils to follow," but none was ever found.

The half-sister alleged that Finkler was incompetent to make a will. The jury, in its verdict, found: (1) that Finkler was of unsound mind, and (2) that the will was drawn under the influence of M. J. Purcell.

Ross & Ross of Redwood City represented Purcell and Taylor in fighting the half-sister's contest.

Redwood City 30 Years Ago

Tomorrow Walter Knight will begin to carry the Sunday mail from this city to Pescadero.

Mr. and Mrs. J. Schroeder and Miss Eugenia Hawes returned from a trip up the Nile and departed for Palestine and left flowers at the Holy Sepulcher on Easter Sunday.

In a very good game of ball Wednesday afternoon the Sequoia High School base-ball team defeated the St. Matthew's team by a score of 16 to 9. The game was played on the St. Matthew's grounds. The local team has gained much in the short time that they have been organized and the members play well together.

Local anglers had a successful week beginning with last Sunday. Wednesday A. D. Walsh and George Genochio caught several striped bass in Redwood channel. The former landed one weighing four pounds. Thursday J. F. Johnston made a catch of eighty trout in the Corte Madera creek. John Fehrn also caught a fine string of trout in the San Francisquito Creek.

By an almost unanimous vote the people of Redwood decided at an election held last Saturday to extend the city's limits.

There were 140 votes cast—125 for expansion and 15 against it.

When the final legal steps have been taken and the new territory has been formally made a part of the city proper, Redwood will have na additional area of nearly 900 acres, the assessed valuation of which is $250,000. The annexed section includes Wellesley Park, the Hopkins place and the Robinson and Schroeder subdivisions. Redwood's present valuation is $660,000.

The reason for expansion is to secure a better water supply by the co-operation of the new territory. It will now be in order to take steps to supply the new territory with sewer mains and street lights that they may realize some of the benefits of incorporation.

Judge Reduces $7500 Award of Jury By $2750

Chester M. Everest, former Mountain View resident now of Glendale, must accept $4,750 as a satisfactory compromise of the $7,500 awarded him by a jury for personal injuries or stand a new trial, Superior Judge Franklin Swart ruled today.

Judge Swart declared the sum awarded by the jury was "excessive." Cutting the figure, Judge Swart said that if Everest is willing to accept the amount he will deny the petition for a new trial.

Defendants are C. B. Cunningham, Los Angeles truck driver, and his employers, A. F. Palmer and C. J. Reeves. Everest suffered a broken leg and other injuries in February, 1932, when his car and a truck collided. The jury verdict was brought in April 7.

FIRE

and partially finished commercial signs. No estimate on the loss on the building could be secured.

The sheet metal works, operated by Emil Tenzer, suffered no damage to goods. Hugo Vreeburg, owner of the building and the Redwood Paint Company, which is housed in the other half, placed the damage at $1500 to the structure. Vreeburg suffered but a slight loss to goods from damage by water, firemen having covered the showcases and shelves with tarpaulin.

The Western Sign Works, 715 Main street, which is housed in the rear of the sheet metal shop and paint store, and is operated by George Zoberbier, suffered almost no damage, although the outer wall of the shop burned through.

Deputy Sheriff Floyd Glennan, son of Mrs. Glennan, placed her loss at between $3000 and $4000. Only a few old family dishes were retrieved from the ruins after the fire.

Doxsee reported that he had made an inventory for insurance purposes recently, but that much of his loss is not covered. The others have partial coverage, it was reported.

The fire burned fiercely for about an hour with flames shooting high into the air and attracting motorists from San Mateo, Burlingame and Palo Alto.

LION COMING TO VISIT CITY

Gilmore Jr., pet lion, of Gilmore Oil Company in his swanky trailer.

The celebrated Gilmore Jr., pet lion cub mascot of the Gilmore Oil Company, cruising over the highways in his de luxe trailer, attached to a cream roadster and driven by his master and constant companion, John Vaughn, is scheduled to arrive in Redwood City, about 8:30 a. m., Saturday, April 29, and will call at the office of The Tribune. He will also make short visits to Gilmore dealers here. Later in the day, he will go to Palo Alto, Mountain View, Santa Clara and San Jose, accompanied by Joseph A. Leonard, local manager for the Gilmore Oil Company.

Gilmore Jr., who has been making tours of the Pacific coast from Canada to Mexico, in his short life of 13 months has covered more than 20,000 miles, as the good-will ambassador of the company whose name he bears, a company which years ago adopted the lion as its emblem.

If you wish to learn how to put on weight, just ask Gilmore Jr. On his fare of a bottle of milk, with a raw egg, for breakfast, and eight pounds of beefsteak for dinner, he is gaining a half pound per day. A year ago, when he was in this territory, he was a mere babe of a month, weighing only about 12 pounds. Today he tips the scales at more than 200. Five months from now he will begin to develop a mane, and when he attains full growth, at the age of five years, he will weigh about 800 pounds. By day, he visits various cities, and by night he guards plants of the Gilmore Oil Company, where no one disputes his authority, much as they admire him and flock to see him.

SIBRIAN DIVORCE DECREE

Mrs. Olive L. Sibrian today was granted an interlocutory decree of divorce from John F. Sibrian on the ground of extreme cruelty by Superior Judge Maxwell McNutt. She was also awarded custody of Joyce Sibrian, minor daughter of the couple.

SEQUOIA DISTRICT GARDEN TOURS WILL BEGIN SATURDAY AFTERNOON

The list of patronesses for the series of Girl Scout garden tours to be initiated by Sequoia District next Saturday afternoon from 2 to 5, is headed by Mrs. Herbert Hoover, whose interest in scout work has been most constructive for many years.

Mrs. Ray Lyman Wilbur and Mrs. Leland Cutler have also shown their friendly interest in the Sequoia scouting unit by consenting to act as patronesses to these events.

Mrs. John Deahl has volunteered the use of the grounds of her Woodside home for the scout garden card party. Mrs. DeLancy Lewis and Mrs. A. Douglas McBryde complete the list of prominent women endorsing the efforts of the Girl Scouts to insure for their troops adequate funds for carrying on the year's activities.

Neat leaflets describing details of procedure have been printed for distribution to the public. Included, are directions for reaching the estates chosen, notice of red arrows to mark gateways, and information concerning ticket sales in San Francisco. Each tour (two gardens) can be taken for 50 cents. Tickets in Redwood City are to be on sale at the Woman's Exchange, Young Drug Co., and Lock's Drug Co.

A "preview" inspection of the two gardens to be toured next Saturday, made by Mrs. W. H. Moulthrop, Mrs. Thomas Cutting, Mrs. E. H. Werthman, Mrs. Louis Green and Mrs. Alice Hand, resulted in the statement that the beauty of the flowers and shrubbery had suffered very little from the unusual frosts of the past winter, and that landscape effects were even more attractive than they were last year.

The estate of Leon Douglass furnishes a most effective setting for the handsome stone residence set in its midst. Here the note of well-groomed formality of arrangement prevails. Driveways flanked by wide, well trimmed box hedges admit the visitor to a garden very suggestive of the French type seen at Fontainebleau and Versailles. Snowy statuary, lily ponds and fountains gleam from massed shrubbery, rose gardens, and geometric beds of columbine, peonies, anemones, phlox, pansies, marigolds, candy, tuft, Easter lilies. A clever rock grotto allures with cool depths. Stately palms tower as high as the mansion itself. A huge oak drips long festoons of Boston ivy.

On the other hand, the 10 acre garden which forms the A. G. C. Hahn estate is characterized by a more "personal" and less artfully arranged loveliness. An air of mellow hospitality, a sense of historic California background emanates from the big white house stationed at the end of a sweeping oval of green lawn graced by a magnificent linden tree that must date far back into California's "olden, golden" days. Gracious and restful surprise nooks reveal themselves unexpectedly with the rounding of a perfumed lilac bush—a burst of feathery bridal wreath, a quaint sun dial, a rustic seat and more great trees to draw the gaze into brooding depths of coolness. Hothouses, a sturdy bush of glistening English holly, a cohort of purple fleurdelis present themselves. A bevy of gay songbirds flute from a vine-draped aviary. A handsome Persian cat steps daintly after the mistress of this blossoming domain who, equipped with trowel and garden gloves, is giving loving personal attention to the setting out of a dozen pansy plants.

No HOME IMPROVEMENT costs so little and gives so much

THE installation is simple with no fuss or bother to interfere with regular household operations. Then your home will have hot water service from any faucet at any hour of day or night. The heater can be safely vented into any existing flue and it is generally not necessary to change the piping. Along with this service of Automatic Hot Water is a positive assurance that it will cost you less per gallon to operate than the water heater you are now using.

Did you ever stop to consider why you see Automatic Gas Water Heaters in practically every new house contractors and builders have built for sale in the past five years?

There is an excellent reason. It was to make these new homes most saleable, modern, complete. Architects, contractors, builders know that on-tap service of hot water from an Automatic helps the sales of their houses and holds the sale to the purchaser.

No home improvement costs so little and gives so much. Purchase terms are as little as $4.85 down and $3.85 a month and two years to pay if you wish. Every day you delay in having the service of Automatic Hot Water is time wasted, convenience sacrificed. See the modern Automatic Gas Water Heaters on display in our office or at your nearest dealer. Select the model for your home today.

Natural Gas contains twice as much heat as the former manufactured gas. It is a much cheaper fuel to use. For cooking and water heating it has cut our customers' bills as much as 53%.

Thelma Hubley, Orion Hopping Wed at Church

Coming as a surprise at the close of the Sunday morning service, a pretty marriage was solemnized at high noon, in the Roosevelt Avenue Chapel when Miss Thelma Hubley was wedded to Mr. Orion Hopping. The Rev. Myrle V. Cross, pastor of the chapel, where the couple has been attending church, performed the ceremony.

The bride was attended by her sister, Miss Mabel Hubley, while Elwin Hopping, brother of the bridegroom, served as best man. The bride, given in marriage by her father, William Hubley, wore a gown of pale green organdy and carried roses. Miss Mabel Hubley, as maid of honor, was attired in beige silk and she also carried roses.

Immediately after the wedding party had marched in to the strains of Lohengrin's "Wedding March," a solo, "Oh, Promise Me," was sung by Mrs. Myrle V. Cross. After the ceremony was performed a recessional was played while the party marched to the vestibule, where congratulations were received by the bridal couple.

Both Mr. and Mrs. Hopping are graduates of the Sequoia high school. Mr. Hopping is a son of Mr. and Mrs. William Hopping of North Fair Oaks.

The couple left immediately for the San Joaquin valley, where they will pass their honeymoon.

MRS. HOOVER AWARDS GIRL SCOUT HONORS

With a golden eaglet and ten first class badges awarded by Mrs. Herbert Hoover, the Palo Alto Girl Scouts held their court of awards during an English festival, Saturday afternoon, April 22, in the Palo Alto High School grounds.

All troops participated separately in exhibitions of dancing, archery, songs and tumbling. The high light was the Morris dance, an old English folk dance.

Those attending from Sequoia District Girl Scouts were Mrs. E. H. Werthman, commissioner; Miss Albertha Youker, local director; Mrs. B. White, Mrs. Wells Pleas, Miss Carolyn White, Miss Francis Pleas, and Miss Barbara Powell.

Miss Chipman Soon to Wed Donald Fritts

SAN CARLOS, April 26.—The engagement of Miss Bernice Chipman, only daughter of Mr. and Mrs. William Chipman of San Francisco and San Carlos, to Mr. Donald Eggleston Fritts, was announced Saturday to over 300 guests at a tea given at the San Francisco home of the Chipmans.

The bride-elect is a member of two old California families, a granddaughter of Mr. and Mrs. Alfred Harrell of Bakersfield and of the late W. W. Chipman. She is a graduate of Miss Burke's school in San Francisco and active member of the younger social set.

Mr. Fritts is the son of Mrs. Milton Fox Fritts of Kansas City, Mo., and the late Mr. Fritts. He is a Stanford graduate and a member of Delta Chi fraternity. He is in business in San Francisco and the young couple will make their home in the metropolis after their wedding in June.
